CONGRESSIONAL:

Hawaii Federal Delegation/State Legislature - Red Hill meetings went very well with the Federal Congressional staffer and then with the Governor/HDOH sponsored session. Governor Ige was at the meeting to listen, but did not have any comments to what was presented. Two state House members and two state Senate members were in attendance, as well as staffers from other state Legislative members. Good comments overall that will help us. The Navy did a very good job in its replies to questions and providing information.

Congresswoman Ann Kirkpatrick (AZ) Ken Montoya of the congresswoman's staff emailed to get some information on the Gold King Mine spill situation. Provided the Region 8 prepared statement.

Congressman Martin Heinrich (NM) Staffer Jim Durant passed on information to us in regards to the Gold King Mine spill, in way of notes he told during the meetings with the NM State.

Thanks!
